FLIPPED-CLASSROOM APPROACH IN THE COURSES: THEORY, GOOD PRACTICE EXAMPLES AND TOOLS FOR CREATING QUALITY E-CONTENT

Field visit training in Slovenia 21st – 25th August 2023

The main aim of the training is to present the flipped-classroom approach, good practice examples of implementation in HE programs and using innovative e-learning tools. The training will showcase the transformative potential of these methods, as well as the challenges and pitfalls of the presented methods and concepts and will equip the participants with the knowledge and tools to start implementing the FCA method in their HE courses.

TARGET GROUPS

Higher education educators from 3EEE partner institutions, will implement the FCA method in their courses within the 3EEE project and train their colleagues in further project activities or cooperate in the development of the FCA concept for Palestinian Universities.

TOPICS COVERED

Blended learning systems, flipped classroom method, e-learning tools (video editing, H5P, quizzes, Augmented reality), innovative learning methods, active learning, creating learning paths, project-based learning, student engagement, good practice examples.
